

To attention of students and lecturers!

Application of student's work to the Republican competition of scientific-research work announced by the Higher and Postgraduate Education Department of the Ministry of Education and Science of the Republic of Kazakhstan is being continued. The works of students are accepted according to the Recommendations on organization and holding of the annual contest of students' research works in higher educational institutions of Kazakhstan on life sciences, technical sciences, social-humanitarian and economic sciences to the mid February, 2017.
